Acties

Bosch stofzuiger: 10 jaar motorgarantie

Actie geldig tot 31/12/2027

Omschrijving

GL-60, 66dB, parket, 4L, 12m, HEPA

- 10 jaar motorgarantie*: altijd hoge prestaties dankzij de Bosch Motor Technology ontwikkeld in Duitsland.
- Remote Power Control: eenvoudige zuigkracht regeling rechtstreeks aan het handvat voor perfecte reinigingsresultaten op elk type vloer.
- Multi-use brush: voor een delicate reiniging van meubels of moeilijk bereikbare plekken.
- Hip design: trendy met matte afwerking , LED licht en gekleurde behuizing.

Easy-to-use power regulation at the push of a button.

No more bending down to adjust the power for different surfaces. Remote Power Control enables you to control all settings directly from the handle. One touch is all it takes to switch to turbo mode, standby or the desired power level. Now you can enjoy top cleaning performance on all types of floor.

Gentle cleaning of remote spots with integrated brush.

Every home has areas that are difficult to clean such as in lampshades or on ceilings. With the multi-use brush, you can reach all these remote spots. Its soft bristles ensure gentle cleaning

without scratches. Connect it flexibly to the handle or tube – since it is integrated, it's always ready for use.

Stylish design with matt texture and LED light.

An eye-catcher in premium product design. The matt design reflects contemporary styling and reduces fingerprints. Colourful coatings provide a modern look, as does the LED light on the On/Off button: the light flashes in standby mode and is constantly illuminated when the device is switched on.
